MEMORANDUM

COVID 19 impact on NCISAA Spring Sports

As a result of the COVID-19 virus threat to our communities, the North Carolina Independent Schools Athletic Association has suspended all spring sports indefinitely. Suspension of all interscholastic games, scrimmages and/or contests begins Friday, March 13, and will continue until further notice. Member schools may conduct practice and/or training sessions at their discretion.

The State Office and Board of Trustees will continue to monitor the situation. NCISAA Executive Director, Homar Ramirez states "It goes without saying that the NCISAA is committed to the health, safety and well-being of our student-athletes and member schools. We will continue to navigate this situation with the health and safety of all our constituents as the top priority."

Updates will be provided.
