

NCISAA Announces New Partnership With FieldTurf

The NCISAA is pleased to welcome FieldTurf as a new partner of our Association. FieldTurf is a world leader in artificial turf and the most trusted brand in the industry. Whether it's football, soccer, baseball, or any other sport, FieldTurf fields provide athletes with the safety and performance they need to perform at their best, while also giving schools the durability they want to maximize the value of their investment. The company that changed the industry, FieldTurf was developed and engineered by athletes, for athletes, and has built a strong reputation in the industry by offering durable, safe, and high-performing turf systems.

We are very excited to enter into a partnership with FieldTurf and encourage our member schools to consider them for future projects on their campuses. Representatives from FieldTurf will be attending conference events and meetings during the year and will be supporting the NCISAA Championships.

If you are interested in receiving additional information, please contact Patrick Zeni (patrick.zeni@fieldturf.com; 839-500-8368).
