

# ATHLETIC FACILITY DESIGN

Today's athletic venues have dual purposes: to amplify player performance and elevate the fan experience. From swanky locker rooms and training facilities to ultramodern lighting, turf and stadium seating, the design of every facility component matters and must be approached with heightened creativity and keen attention to detail.

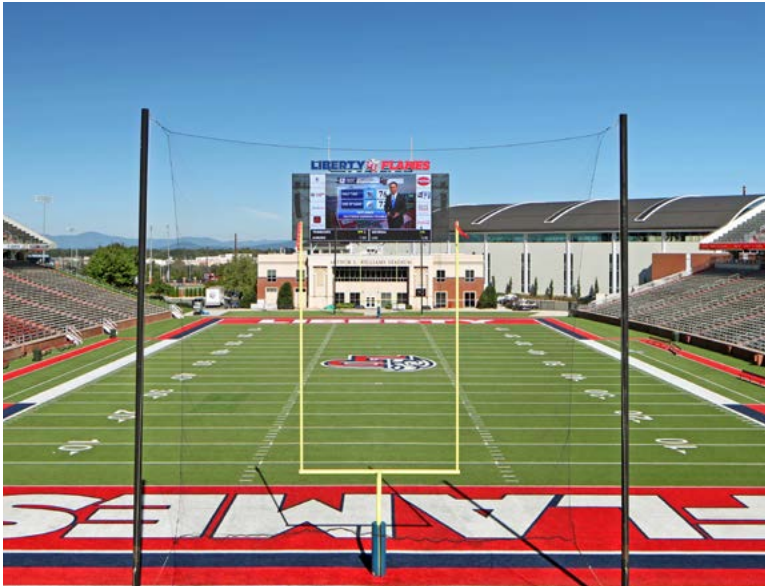

Ranging from community and university recreation centers to youth, collegiate and professional sports complexes, the modern and functional facilities we design are at the top of their game.

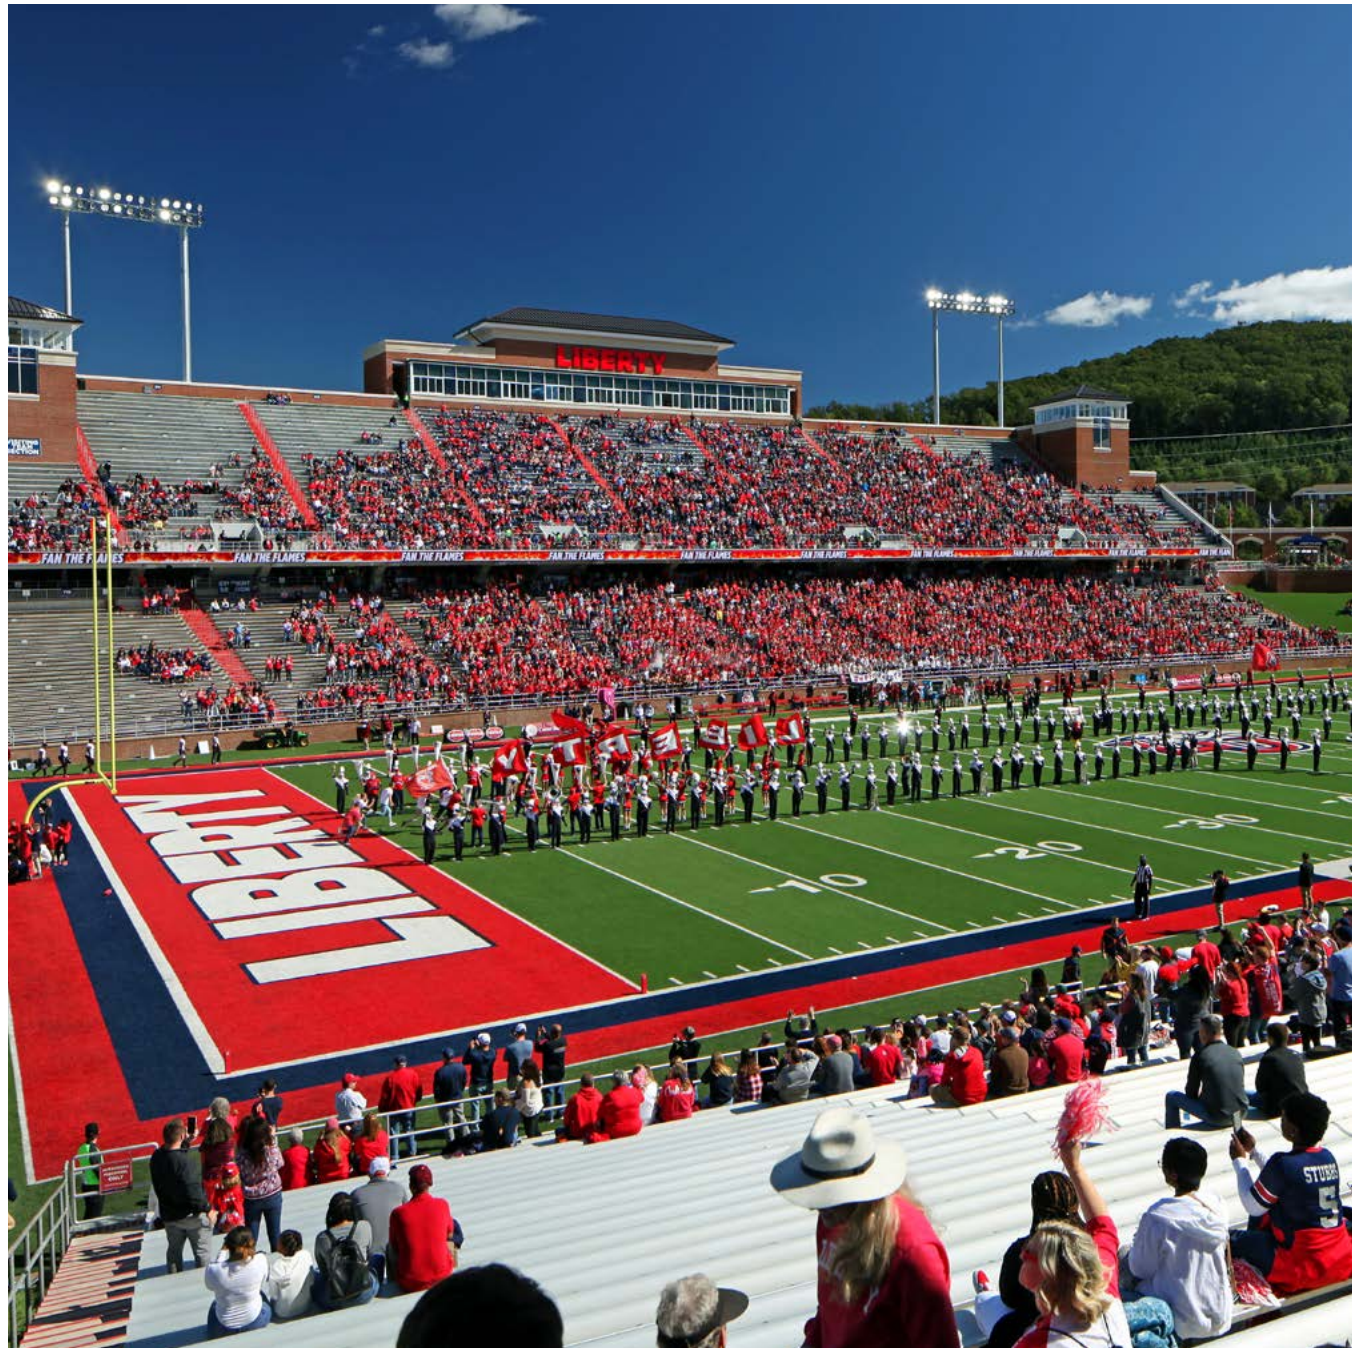

**WILLIAMS STADIUM AT  
LIBERTY UNIVERSITY**

Lynchburg, VA

# FIELD DAY PARK AT LAKE WYLIE
